

# CRISTIAN MARTÍNEZ

DEVELOPER &  
GRAPHIC DESIGNER

## PERSONAL INFORMATION

I am a curious and proactive individual with a constant desire to learn new things. I have a deep passion for technology; in fact, my primary roles have been related to design and both back-end and front-end development. I believe that knowledge is a tool that should be shared within society and that one should never stop learning.

## WORK EXPERIENCE

### AEGIS ARGENTINA

VISUAL COMMUNICATOR, GRAPHIC DESIGNER & USER EXPERIENCE  
OCTOBER 2010 – NOVEMBER 2019

I worked as a designer, layout artist, and visual communicator, primarily developing digital materials such as editorial content, flyers, mailings, signage, web layouts, interfaces, and user experience. I collaborated with a multidisciplinary team, including programmers, illustrators, and video animators.

### INSTITUTO NACIONAL DE ENSEÑANZA TÉCNICA

INSTRUCTOR IN HTML, CSS & JAVASCRIPT  
AUGUST 2020 – DECEMBER 2023

I worked for INET as an instructor for a course aimed at senior high school students, with the goal of teaching new job skills within the technology sector, specifically web design.

### IBM ARGENTINA

BACK-END DEVELOPMENT FOR TARJETA NARANJA  
NOVEMBER 2019 – OCTOBER 2021

I worked as a programmer within the Core Tribe, developing components for the financial industry. We used agile Scrum methodologies and primarily worked with COBOL, JavaScript, Angular, and Node.js. We focused on meeting objectives every two weeks.

### ACCENTURE SRL

BACK-END DEVELOPMENT FOR FISERV (FIRST DATA CONO SUR)  
OCTUBRE 2021 - PRESENT

Currently, I work with mainframe technology for a major credit card payment processing company. My responsibilities include analyzing and developing batch components, creating JCL chains for the execution of large processes, diagnosing and resolving incidents, and handling production deployments. We work with SQL and DB2 tables.
